

Introducing the world's first 65" UHD commercial video wall display!

With the native resolution of each display being 3,840 x 2160 you can easily reach 8K with a 2x2 video wall configuration or 12K with a 3x3. Experience an uninterrupted viewing experience with the ultra narrow 3.7mm bezel to bezel displays.

Features

- 4K UHD (3,840 x 2,160) resolution (16:9)
- Ultra-narrow 3.7mm bezel-to-bezel
- Highest in industry contrast ratio (4,000:1)
- High aperture ratio with wide color gamut coverage (NTSC 72%)
- Wide viewing angle (178°)
- Anti-glare surface treatment (total haze 25%, outer haze 23%)
- Black mura prevention technology
- Built in temperature sensor with temperature margin to activate discreet fans only when needed
- Control video wall with ZD WALL CONTROL software

Specifications
